Offer your Builders and Clients an Alternative

Clearsphere is partnering with Energy Vanguard, a RESNET accredited HERS training provider to offer Canadian raters the first ever HERS Training Course.

COURSE DETAILS

The course will be instructed by Allison A. Bailes, PhD. The Energy Vanguard curriculum is learner-centered, meaning you'll be actively involved and what you learn in the class will stay with you. For more information on Energy Vanguard and Allison A. Bailes, please see www.energyvanguard.com.

Phase 1: Online – to be completed between September 14th - 27th

Objective: All students come to class with a minimum base of knowledge about houses, HERS ratings and Rem/Rate software.

Webinars to cover fundamental concepts:

- Building science fundamentals
- Intro to HERS Ratings
- Intro to REM/Rate software

Phase 2: Classroom – 3 days, September 28-29-30 from 9:00am-5:00pm

Objective: Get students an initial certification that allows them to get started as HERS raters in Canada under the auspices of CRESNET.

1. Complete one home energy HERS rating using REM/Rate software.
2. Pass a beginning home energy rater test created for the class.

- Advanced building science
- Pressure testing
- HERS Standards
- REM/Rate rating software
- Quizzes to prepare for CRESNET Rater Test
- Transferring data between Right-Suite HVAC software and REM/Rate
- Understanding relationship between HERS and the building code (NBC/OBC)
